

A Workshop...

... which will leave you **B**reathless

Pervertables:

What's in your Toy Bag?

Saturday, November 17, 2007

6:30—8:30 pm

Have you ever had to choose between an armoire and a St. Andrew's Cross? Does your sling double as a plant holder? Sometimes life just isn't convenient to have paddles, floggers and a spanking bench lying about. Pervertables allow for that kinky play without awkward explanations when your family drops by.

This workshop will provide hands-on demonstrations of the use of everyday objects in kinky play. From the wooden spoon to tennis balls, from bed sheets to wind chimes. Come see creative and twisted uses for your household items. We will also look at safety while using Pervertables and why you might choose to use them in the first place.

Presented by: Master C's slave Dan

Appropriate experience level: All levels

**Cost: \$15 / member
\$20 / non-member**

Advance purchase only.
Space is limited!

Hailing from Toronto, **Master C's slave Dan** has a very twisted sense of humour. He has been in a D/s relationship for over 4 years and is currently in service to two Dominants; Master C of Sudbury and Sir Dart of Toronto, both of whom are also creative and twisted sadists. This has given him plenty of experience on the receiving end of Pervertables. Understanding that it is better to give than to receive, Dan has been known to Top when the situation allows. Master C's slave Dan is a regular volunteer in both the gay and pansexual kink communities, He is heavily involved in the Toronto boys of Leather, a Toronto-based submissive group and was recently a contestant in the 2007 Eastern Canada Leather Sir/leather boy Competition.
